Rick,

We have made changes based on your comments – see what you think. I think most of your comments dealt with making the letter even more understandable. Hopefully we have addressed that concern.

Ex. 5 - Deliberative Process

My expectation is Oxitec will likely want to meet on this letter, and debate us on some of the feedback. We are fine with that, but it might be early September before we could have a meeting arranged with the necessary staff.

Ex. 5 - Deliberative Process

Let us know your final thoughts on the letter, as well as a conversation on some or all of the above.

Thanks

Bob
